

So, what do we as Canadians have to be Proud of? ...

Smarties

Crispy Crunch, Coffee Crisp

The size of our football fields, one less down, and bigger balls

Baseball is Canadian - First game: June 4, 1838 - Igersoll, ON

Lacrosse is Canadian

Hockey is Canadian

Basketball is Canadian

Apple pie is Canadian

Tim Hortons beats Dunkin' Donuts (a US company)

In the war of 1812, started by America, Canadians pushed the Americans back ... past their White House. Oh, did I mention that we also burned their White House? Our civil war was fought in a bar - it lasted a little over an hour

A Canadian invented Standard Time

The Hudsons Bay Company (aka 'The Bay') is the world's oldest company

The average dog sled team can kill and devour a full grown human in under 3 minutes ---- (I am not sure I needed to know that :-)

We invented: Ski-doo's, jet-ski, Velcro, Zippers, Insulin, Penicillin, Zambonies, and the telephone

A Canadian invented Superman

USA Senior Health Care Solution

So you're a senior citizen and the government says no health care for you, what do you do? Our plan gives anyone 65 years or older a gun and 4 bullets. Your are allowed to shoot 2 senators and 2 representatives. Of Course, this means you will be sent to prison where you will get 3 meals a day, a roof over your head, and all the health care you need! New teeth, no problem. Need glasses, great. New hip, knees, kidney, lungs, heart? All covered. And who will be paying for all of this? The same government that just told you that you are too old for health care. Plus, because you are a prisoner, you don't have to pay any income taxes any more.

Waiter walks up to a table of old ladies eating their lunch and asks, "Is anything OK?"

Canada is a country whose main exports are hockey players and cold fronts. Our main imports are baseball players and acid rain. - Pierre Trudeau [former Prime Minister of Canada]

A group of Newfoundland friends went deer hunting and paired off in twos for the day. That night, one of the hunters returned alone, staggering under the weight of an eight-point buck.

"Where's Henry?" the others asked.

"Henry had a stroke of some kind. He's a couple of miles back up the trail," the successful hunter replied.

"You left Henry laying out there and carried the deer back?" they inquired.

"A tough call," nodded the hunter. "But I figured no one is going to steal Henry!"

A married man was having an affair with his secretary. One day, their passions overcame them and they took off for her house, where they made passionate love all afternoon. Exhausted from the wild sex, they fell asleep, awakening around 8:00 pm. As the man threw on his clothes, he told the woman to take his shoes outside and rub them through the grass and dirt. Mystified, she nonetheless complied. He slipped into his shoes and drove home.

"Where have you been?" demanded his wife when he entered the house.

"Darling, I can't lie to you. I've been having an affair with my secretary and we've been having sex all afternoon. I fell asleep and didn't wake up until eight o'clock."

The wife glanced down at his shoes and said, "You lying bastard! You've been playing golf!"

The 'sixth sick sheik's sixth sheep's sick' is thought to be the toughest tongue twister in the English language.

The original name for butterfly was flutterby.

*Changing of the guard,*

*Welcome the new Principal of Fort Livingstone School. Long time staff member, Mrs. Tara Blosha, takes over from Mrs. Jana Thomas who is returning to Victoria School in Kamsack as Vice-Principal. Best wished for both ladies in their new positions.*

This 80 year old woman was arrested for shoplifting in a supermarket. When she went before the judge he asked her, 'What did you steal?' She replied, 'A can of peaches.' The judge then asked her why she had stolen the can of peaches, and she replied that she was hungry. The judge asked her how many peaches were in the can. She replied that there were six. The judge said, 'Then I will give you six days in jail.' Before the judge could actually pronounce the punishment, the woman's husband stood up, and asked the judge if he could say something. The judge said, 'What is it?' The husband said, 'She also stole a can of peas.'

Q. Why do men's clothes have buttons on the right while women's clothes have buttons on the left?

A. When buttons were invented, they were very expensive and worn primarily by the rich. Since most people are right-handed, it is easier to push buttons on the right through holes on the left. Because wealthy women were dressed by maids, dressmakers put the buttons on the maid's right! And that's where women's buttons have remained since.

Until 1800, cookery was so dangerous that it was the second commonest cause of death among women after childbirth.

There are two seasons in Canada - winter and July. Hence the celebrations on July 1st.

Q. Why do little boys whine?  
A. They are practicing to be men.

I shall take you to bed and have my way with you.

I will make you ache, shake and sweat until you moan and groan.

I will make you beg for mercy, beg for me to stop.

I will exhaust you to the point that you will be relieved when I'm finished with you.

And, when I am finished, you will be weak for days.

All my love,  
The Flu

(Now, get your mind out of the gutter and go get your flu shot.)

An atheist went to the governor's office to ask about holidays. His complaint was that why does everyone else have a holiday. For example, Christians have Easter and Christmas. The Jewish Have Yom Kippur, etc. The Governor replied "You really want a holiday just for atheists?", "Yes, absolutely!" was his answer. The Governor replies, "Ok, your holiday will be on April 1st".

If it wasn't for the last minute, nothing would get done.

\* For every ton of recycled glass, 1.2 tons of raw materials are not required and after taking into account transport and processing needed to recycle glass, nearly 700 pounds of carbon dioxide is saved per ton of glass melted for the purposes of making bottles and jars.

\* Recycled glass isn't just used for making more bottles - it can be turned into fiberglass (which is also used in house insulation), and as a component of bricks. Glass can be recycled indefinitely.

#### Pupil Problem?

An educational psychologist is asked to see a pupil who draws all his pictures with black and brown crayons. He talks to him. Nothing obvious. He gives him projective tests. Nothing shows up.

Finally, in desperation, he gives him some paper and a box of crayons. "Oh goody," says the boy, "I get an old box of crayons in school and only the black and brown were left."

#### Repeat after Me

Mrs Johnson invited some people over for supper. At the table, she turned to their seven year old daughter Martha and said, "Would you like to say the blessing?"

"I wouldn't know what to say," Martha replied. "Just say what you hear Mummy say," Mrs Johnson answered Martha bowed her head and said, "Lord, why on earth did I invite all these people to dinner?"

Shortly after the birth of their second child, a husband offered to take his wife shopping for a new dress. He endured more than two hours of listening to her complaints about which figure flaw each dress accentuated.

As she emerged from the dressing room, having tried on the last selection, she asked for her husband's opinion. By this time he had learned just the right things to say. "It's perfect!" he exclaimed. "It makes your waist look smaller, your legs look longer, and slenderizes your hips."

Just then another lady in the dressing room spoke out. "If there is a dress here that will do that, I'll buy them all!"

\*\* Out of the mouths..... \*\*

The teacher asked her class of 8 year olds to use a sentence containing the word fascinate.

Molly put up her hand and said, "My family went to my granddad's farm, and we all saw his pet sheep It was fascinating."

The teacher said, "That was good, but I wanted you to use the word "fascinate", not fascinating".

Sally raised her hand. She said, "My family went to see Rock City and was fascinated."

The teacher said, "Well, that was good Sally, but I wanted you to use the word "fascinate."

Little Johnny raised his hand. The teacher hesitated because she had been burned by Little Johnny before. She finally decided there was no way he could damage the word "fascinate", so she called on him.

Johnny said, "My aunt Gina has a sweater with ten buttons, but her bosoms are so big she can only fasten eight."

The teacher sat down and cried.

### Any fool can criticize, condemn and complain and most fools do.

After numerous rounds of "We don't know if Osama Bin Laden is still alive", Osama decided to personally send President Bush a letter in his own handwriting to let him know he was "still in the game".

Mr. Bush opened the letter, which contained a single line of "coded" message:

370HSSV-0773H

Mr. Bush was baffled, so he sent copies to his Chief of Staff, and several Secretaries, including Condi Rice and Donald Rumsfeld. Their assistants and aides had no clue as to the meaning or translation of the code, so it was sent to the Federal Bureau of Investigation, then to the CIA and also to NASA. With no clue to the translation, they eventually asked Israel's MOSAD for help.

Within a minute, MOSAD cabled the White House with this reply:

"Tell the President he is holding the message upside down."

**Wife: There's something preying on my mind.**

**Husband: Don't worry, it'll soon die of starvation.**

Never return to a doctor whose office plants have died.
