

Judi stormed up to the front desk of the library and said, "I have a complaint!"
 "Yes, ma'am?"
 "I borrowed a book last week and it was horrible!"
 "What was wrong with it?"
 "It had way too many characters and there was no plot whatsoever!"

The librarian nodded and said, "Ah. So you must be the person who took our phone book."

Mike and Joan were having some problems at home and were giving each other the "silent treatment." But then Mike realized that he would need his wife to wake him at 5:00 am for an early morning drive with some pals to go golfing.

Not wanting to be the first to break the silence (and so lose the 'war'), he wrote on a piece of paper, "Please wake me at 5:00am."

The next morning, Mike woke up, only to discover it was 9:00 am and that his friends had left for the golf course without him. Furious, he was about to go and see why his wife hadn't awakened him, when he noticed a piece of paper by the bed.

The paper said, "It's 5:00 am. Wake up ."Men simply are not equipped for these kinds of contests

If you want your dreams to come true, don't oversleep.

Dogs have "incomplete cheeks," which allow them to open their mouths wide but, conversely it also means that they can't create suction like humans, resulting in scooping water backwards with their tongues.

A first-time father was taking a turn at feeding the baby some strained peas. Naturally, there were traces of the food everywhere, especially on the infant.

His wife comes in, looks at the infant, then at her husband staring into space, then says, "What in the world are you doing?"
 He replied, "I'm waiting for the first coat to dry, so I can put on another coat."

Ever been told something, but you can't decide if it's a compliment or an insult?

Recently, when I greeted my coworker, she said, "You look so gorgeous, I didn't recognize you!"

Jumping to conclusions can be bad exercise.

OCT 26 - VILLAGE ELECTIONS

I am still young enough to play the game, but old enough to know the score!

My wife asked me to buy ORGANIC vegetables from the market. I went and looked around and couldn't find any. So I grabbed an old, tired looking employee and said, "These vegetables are for my wife. Have they been sprayed with any poisonous chemicals?"
 The produce guy looked at me and said, "No. You'll have to do that yourself."

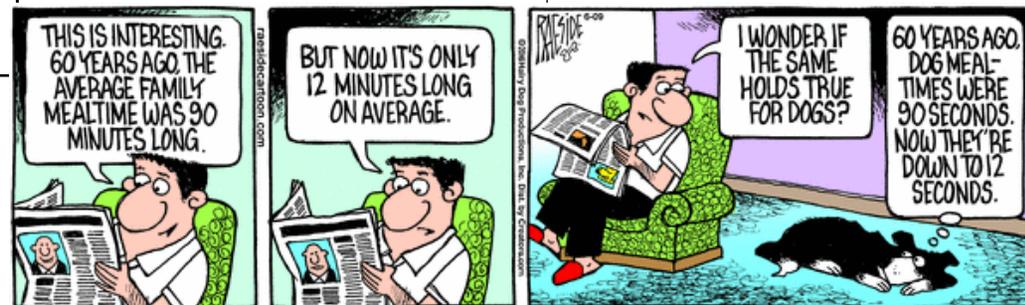

Honeybees navigate using the sun as a compass, even when it is hidden behind clouds - they find it via the polarization of ultraviolet light from areas of blue sky.

Lake Baikal, in the south central part of Siberia, is 5,712 feet (1.7 kilometres) deep. It's about 20 million years old and contains 20 percent of Earth's fresh liquid water.

Johnny Cash released a whole album called "Bitter Tears: Ballads of the American Indian" because Cash had been convinced that his ancestry was Cherokee, even by members of the Cherokee tribe. Later he found it he was not Cherokee at all, but Scottish, English and Scots-Irish.

When they were introduced in 1903, Triscuit crackers were advertised as "Baked by Electricity."

A jogger running down a country road is startled as a horse yells at him, "Hey, come over here buddy!" The jogger is stunned but runs over to the fence where the horse is standing and asks, "Were you talking to me?"

The horse replies, "Sure was, man I've got a problem. I won the Kentucky Derby a few years ago and this farmer bought me and now all I do is pull a plow and I'm sick of it. Why don't you run up to the house and offer him \$5,000 to buy me. I'll make you some money cause I can still run."

The jogger thought to himself, "Boy, a talking horse!" Dollar signs started appearing in his head. So he runs to the house and the old farmer is sitting on the porch. The jogger tells the farmer, "Hey man, I'll give you \$5,000 for that old broken down nag you've got in the field."

The farmer replies, "Son, you can't believe anything that horse says. He's never even been to Kentucky."

I only have two requirements in my will: I want my remains spread over Disneyland and I do not want to be cremated!

Sunday afternoon quickie

The only way to pull off a Sunday afternoon quickie with their 8-year-old son in the apartment was to send him out on the balcony with a popsicle and tell him to report on all the neighbourhood activities. He began his commentary as his parents put their plan into operation.

"There's a car being towed from the parking lot," he shouted. A few moments passed.

"An ambulance just drove by."

A few moments later, "Looks like the Anderson's have company," he called out.

"Matt's riding a new bike."

A few moments later, "Looks like the Sanders are moving."

"Jason is on his skate board."

A few more moments, "The Coopers are having sex."

Startled, his mother and dad shot up in bed. Dad cautiously called out, "How do you know they are having sex?"

"Jimmy Cooper is standing on his balcony with a popsicle too."

"Forgive me, Father, for I have sinned." The priest replied, "I know. I saw your post on Facebook!"

A recent study has found that women who carry a little extra weight live longer than the men who mention it.

Can you run for US president if you have been convicted of a crime?

Technically, you could. The requirements for being president include being a natural-born US citizen who has lived in the US for at least 14 years at the time of the election. You must also be at least 35 years of age. But nothing in the constitution says you can't have a criminal history. And, before you ask, the only US president to ever have been arrested is the current occupant of the White House, George W. Bush. He was arrested for driving under the influence of alcohol in 1976.

What is the full name of Bangkok?

When the full-length, poetic name of Bangkok, capital of Thailand, is used, it is usually abbreviated to "Krung Thep"(City of Angels). The full-length version is the longest place name of any town or city in the world (167 letters):

A zookeeper is ordering new animals. As he fills out the forms, he types "two mongeese". That doesn't look quite right, so he tries two mongoose, and then two mongooses.

Giving up, he types, "One mongoose, and while you're at it, send another one."

Little Johnny's preschool class went on a field trip to the fire station. The firefighter giving the presentation held up a smoke detector and asked the class: "Does anyone know what this is?" Little Johnny's hand shot up and the firefighter called on him. Little Johnny replied: "That's how Mommy knows supper is ready!"

Lanolin, an essential ingredient of many expensive cosmetics, is, in its native form, a foul-smelling, waxy, tar-like substance extracted from the fleece of sheep.

Act like a person of thought.
