

A blonde was driving home after a football game, and got caught in a really bad hailstorm. Her car was covered with dents, so the next day she took it to a repair shop. The shop owner saw that she was a blonde, so he decided to have some fun. He told her just to go home and blow into the tail pipe really hard, and all the dents would pop out. So, the blonde went home, got down on her hands and knees and started blowing into her car's tailpipe. Nothing happened. She blew a little harder, and still nothing happened.

Her roommate, another blonde, came home and said, "What are you doing?"

The first blonde told her how the repairman had instructed her to blow into the tailpipe in order to get all the dents to pop out. Her roommate rolled her eyes and said, ...

"HELLLLO" "You need to roll up the windows"

A woman took her dog to the parlour for a haircut and asked what it would cost. Being told that it would cost her \$50, she was outraged. "I only pay 30 bucks for my own haircut!" she said. The groomer replied, "That may be true. But then you don't bite, do you?"

I'm not saying that the customer service in my bank is bad... But when I went in the other day and asked the clerk to check my balance . . . . She leaned over and pushed me!

Morty and Saul are out one afternoon on a lake when their boat starts sinking. Saul, a banker, says to Morty, "Listen, Morty, I should probably tell you, I don't swim so well." Morty, who worked as a lifeguard when he was younger, begins tugging and pulling on Saul, helping him float towards shore. After twenty minutes, he begins to tire. Finally about 50 feet from shore, Morty asks, "Saul, do you suppose you could float alone?"

Saul looks at Morty and then replies, "This is a heck of a time to be asking for money!"

Movie theatres should charge babies as adults to deter people from bringing them.

I've never understood why women love cats. Cats are independent, they don't listen, they don't come in when you call, they like to stay out all night, and when they're home they like to be left alone and sleep. In other words, every quality that women hate in a man, they love in a cat.

**“Group Think** “More colloquially known as herd mentality, this is the phenomenon that people in large groups are actually quite dumb, impulsive, and really bad at making decisions. As Kay said in Men in Black, “A person is smart. People are dumb, panicky dangerous animals and you know it.” (Where have we seen this recently??)

The idea that the world is getting more dangerous is patently false but very widespread. From crime to war, there is significantly less violence and death than there was even 50 years ago. In fact, in spite of “terrorism”, every single year has seen a significant drop in violence all around the world. We are living in the most peaceful and prosperous time in human history. It's just that with the internet we now have all the bad things thrown in our face every day. Never mind that those things were always there and there was much, much more of them.

What we see depends mainly on what we look for.

The most unrealistic aspect of the Harry Potter universe is that they eventually use all the skills/ knowledge they learn in school.

A man and his wife were making their first doctor visit prior to the birth of their first child. After everything checked out, the doctor took a small stamp and stamped the wife's stomach with indelible ink.

The couple was curious about what the stamp was for, so when they got home, he dug out his magnifying glass to try to see what it was. In very tiny letters, the stamp said, "When you can read this without a needing a magnifying glass, come back and see me."

I am trying to make friends outside of Facebook while applying the same principles. therefore, every day I walk down the street and tell passers-by what I have eaten, how I feel at the moment, what I have done the night before, what I will do later and with whom.

I give them pictures of my family, my dog and of me gardening, taking things apart in the garage, watering the lawn, standing in front of landmarks, driving around town, having lunch and doing what anybody and everybody does everyday.

I also listen to their conversations, give them the "thumbs up" and tell them I like them. And it works just like Facebook! I already have four people following me: Two police officers, a private investigator and a psychiatrist.

On the Listening Tour, a prominent politician was pleased and proud that the local sandwich shop in a town he was visiting had named a sandwich after him.

He was somewhat less pleased after he found out what was in it.

"Mostly baloney," said the proprietor.

Doctor: You seem to be in excellent health. Your pulse is as regular as clockwork.  
Patient: That's because you've got your hand on my watch!

One afternoon, Cliff showed up for work stark naked. His boss stopped him at the door. "Cliff, where are your clothes? And why are you here on your day off?" Cliff explained, "Well, boss, I was at this party when all the lights went out. Someone ordered, 'Women, take off all your clothes!' and when the lights came back on, every woman was stark naked! Then the lights went out again and the voice ordered, 'Men, take off all your clothes!' and when the lights came back on, every *man* was naked. Then the lights went out and the voice ordered, 'All right, men: get to work!' So I grabbed my briefcase and came here, sir!"

The Anderson family just moved into their new home when a neighbour asked 5-year-old Tommy Anderson how he liked it. "It's great," Tommy said. "I have my very own room and my brother Alex has his own room, and Jamie has her own room too! But poor mom, she is still with dad..."
